February 6, 2008

Since James Tate founded J.G. Tate Fire Protection Systems, Inc., over 6 years ago, we have worked with J.G. Tate Fire Protection Systems, Inc. on a few projects that included middle schools and colleges. On these projects, J.G. Tate Fire Protection Systems has performed their work in a thorough and timely manner.

I highly recommend J.G. Tate Fire Protection Systems, Inc. for any fire protection work.

If you have any questions, feel free to call me.

Sincerely,

Edward W. Wylie  
President
